

ENTRY FOR 2020 29er CHAMPIONSHIPS

Entry for the 2020 Zhik 29er World Championship and the 2020 Zhik 29er European Championship is scheduled to open **31st March 2020**. The Class is monitoring the current global health situation as well as guidance from World Sailing and our host countries. If necessary, we will adjust the opening date accordingly. Please check the championship websites regularly for updates (www.29erworlds.org and www.29ereuropeans.org)

The International 29er Class Association and the organising authorities for our 2020 championships are fully committed to these events and we intend to move forward with them so long as global health matters, World Sailing, and the governments of our host countries allow. We appreciate the patience of our membership as we continue to assess this evolving situation.
